

KIGOMBO

Simplifying financial management in Zanzibar.

Team

- **Ahmad Sadri (CEO):**

Computer Scientist, SUZA '23. Google DSC Lead '22.

- **Ahmad Khalid (COO):**

Medical Doctor, Jिंगgangshan University '24.

- **Nahida Masoud (CTO):**

Computer Scientist, SUZA '24.

Problem Statement

Personal financial awareness is a problem for university students. For many students higher education is the first time they have access to the biggest amount of money in their life. They have 3 to 4 years of college to have good personal finance skill.

Solution

Kigombo is a localized financial app that:

- **Keeps track of transctions:**
 - In sync across devices.
 - Accesible from anywhere.
- **Personal finance education**
